

PROJECT 7 (P7) | www.p7online.com

P7 is a Bible Club ministry for students in high school and middle school who want to reach their classmates for Christ. P7 Clubs are student-led and driven and are an opportunity for students to participate in ministry in their local school. The “7” in P7 refers to the 7 years of potential impact from middle school to high school.

- Glynn Academy | *Pentecostals of Brunswick*
- Tattnall County High School | *Glennville FUPC*

Our goal is to grow that number to seven (7) by 2017. As far as we can tell, in our area clubs tend to average around 12 students in attendance.

TESTIMONIES FROM AROUND THE DISTRICT (Special Thanks to Dillon Coke)

The P7 at Brookwood High started in September with 16 members. They now have an average attendance of 21. So far, 4 girls have received the Holy Ghost through their meetings! This past week, a newly launched P7 reported 16 first time visitors! At Grayson High School, 2 girls have received the Holy Ghost this year as a result of P7. In another instance, a girl visited Word Aflame UPC as the result of a P7 and received the Holy Ghost in a youth prayer meeting. Another girl came to a regular church service at Solid Rock UPC and was filled with the Holy Ghost. **These testimonies are not the exception, they are the norm.** P7 is a powerful, effective outreach tool. Please consider starting a P7 club through your youth group.
